A bamboo tube is naturally shaped like a plate, as its beautiful curves act as a container for dishes. But its curvature also means it sways on the tabletop; to accommodate, a stand has been designed to keep it in place while complementing the bamboo's gentle silhouette.

Suitable for serving skewers, rice balls, cakes, and more. It can also be used as a tea caddy spoon.

Dimensions: L5 x W20 x H7 cm

Note: The bamboo has been coated with natural protection oil. Do not use in oven or microwave, as this may damage the natural bamboo fibers.
