

**Designer: SCENE SHANG**

Inspired by the simple beauty of, first, a stool - an elementary and utterly mobile home furniture, and the memory of retro rocking rattan horses from childhood. The rocking stool can be used as a dining stool or sat astride like a rocking horse. As children, we all build memories during play, and perhaps, even build emotional bonds with furniture that we recall on with fondness.

Winner of ASEAN Furniture Design Competition 2018 and International Furniture Fair Singapore Design Stars 2016.

Dimensions: L60 x W21 x H42 cm

Primary Material: Wood**Available Variants:** Primary Color:**Customization:** This product is not customizable.
