

Designer: Y.S.M. PRODUCTS

The *and-on* Lamp is mesmerizing as it invites you in to admire the nuanced texture of the Washi paper. A traditional hand-made Japanese paper made of natural raw materials, Washi dates back to the 1300s and is an integral part of Japan's cultural heritage. This special lamp is a concept project created in collaboration with designer Kenji Fukushima and paper specialist Tesuki Washi Tanino. It combines innovative lighting technology with the beauty of a traditional craft.

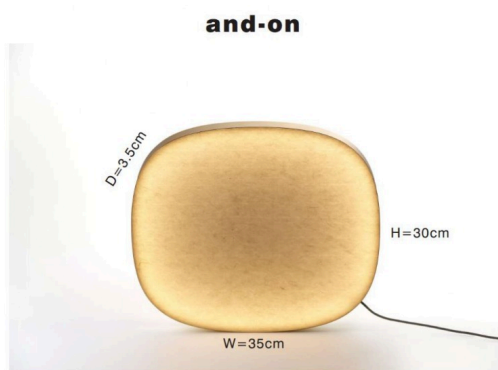

Type of Bulb: LED with CRI 90

Color temperature: 3000K

Wattage: 10.5 watts

Includes: AC adapter (AC100-240V) /
