

**Designer:****ANOTHERMOUNTAINMAN**

Heaven on Earth is a photographic series shot between 2007-2009 wherein another mountainman reimagines the concept of paradise in the context of modern urban life. Shot on the coastlines from different parts of Hong Kong and Shenzhen, it features a sole bonsai pine tree on a floating wooden boat (sampan) covered in shrubs, evoking the poetic tropes of classical Chinese paintings.

Dimensions: W93 x H240 cm
