

Designer: DELTA BLUES AUDIO

Flaunting a retro-futuristic design, the Resonance Speaker is designed using the revolutionary Resonance Disc that delivers resonance waves and direct waves simultaneously to enhance an instrumental audio experience.

The speaker has an open sonic design and supports advanced wireless pairing. Each speaker is handcrafted and individually tuned.

Dimensions: L16.8 x W16.8 x H50 cm

Primary Material: Aluminium

Primary Color: Silver

Customization: This product is not customizable.
