

Designer: CERAMICATION

The Dirty series is designed specifically to showcase runny and drippy glazes to demonstrate how there is beauty in spontaneity, and how sometimes the most beautiful things start by getting your hands dirty.

On the Dirty Boy Vase, the downward flowing droplets, or rivulets, are formed by dipping the pot into a glaze that develops surface micro-crystals, and then allowing heat and gravity to work its magic.

Dimensions: L15 x W15 x H15 cm

Primary Material: Porcelain

Primary Color: White

Customization: The color can be customized. The creator is also able to include your company branding on this product. Please contact cs@vermillionlifestyle.com for more information.
