

**Designer: WUER STUDIO**

The Taihu Stone Sculpture is inspired by the yearning for the elegant life of literati, the fascination with Suzhou gardens, and the ancient culture and art of the Song, Yuan and Ming Dynasties.

The production process involves the use of more than 20 modern and traditional techniques, including 3D modeling, 3D printing, and carving technologies.

This sculpture is a memorable work of art that can be handed down from generation to generation.
