

**Designer: ASAHIYAKI**

The Celadon M Tea Pot is inspired by the rich tea culture of the Uji region. The celadon glaze emulates the clear stream of the Uji River.

Each pot contains 150 tea strainer holes. The inside of the lid and the part with orange color on the body are charred during firing. It is a characteristic that cannot be achieved without firing real porcelain earth at a high temperature.

Dimensions: L10 x W12.5 x H8 cm

Primary Material: Porcelain

Primary Color: Turquoise

Customization: This product is not customizable.
