Lucent Oil is a fast-absorbing, vegan face oil packed with potent green coffee bean oil and antioxidants for visibly firmed and luminous skin. The skin's natural moisturizing barrier is intensified, revealing supple and plumped skin. The skin tone is evened and revitalized with a healthy radiance.

The light oil-serum texture, combined with squalane, is quickly absorbed into dry skin and delivers a glow while weightlessly locking in moisture. Argan oil, rich in Vitamin E and antioxidants, moisturizes and keeps skin protected with a healthy-looking glow. Thanks to camellia oil and squalane, the skin's firmness and elasticity are improved.
