Designer: TA+D

The ONE3 Ruler Pencil by TA+d is inspired by the concept of modern steel structure. It is made of aluminum alloy material which is strong but lightweight to achieve a special pyramid structure that also acts as a storage for its ballpoint pen. Aptly named "One 3", this item serves 3 functions in one: a refillable metal ballpoint pen, a scale ruler as well as a spirit level.

With a magnetic system that easily combines or separates each item, this Ruler Pencil is a handy companion to any design or business professional.
