So many things to do,
So many things to see,
But I just want to lie down,
and be lazy.

This artwork celebrates the lazy days that all of us crave, just sitting still and letting our mind wander.

The artwork is printed on 310g, bright white, velvet-texture, water-resistant fine art paper made from 100% cotton fiber that is acid and lignin-free. The ink / paper combination is certified to last 25 years without fading.
