The Lontar Basket is an all-natural handwoven basket with lid. It is made from lontar palm and colored using earthy materials.

The baskets vary in height and width, and go well individually or as a set. The construction is very sturdy, and the lid fits tightly making this a good storage option. Looks and details may vary slightly as each basket is handwoven.

Dimensions: L35 x W35 x H26 cm

Primary Material: Palm

Primary Color: Multicolor

Customization: Pattern of the basket can be discussed with the client, but customization will only be based upon 3 available colors: black, brown, and natural.
