

**Designer: THE NODOKA**

Matcha is one of nature's most powerful sources of vitality and wellness. Unlike regular green tea, matcha plants are shade-grown to produce extra nutrients in order to grow with limited sunlight.

Nodoka allows you to receive 100% of the benefits of the whole tea leaf, enjoying its antioxidants, amino acids, vitamins, minerals, and fiber. Their ceremonial ranges are ideal for brewing on their own, with warm or ice cold water, or with small amounts of milk. The higher the grade, the sweeter, less bitter, and more umami-rich they are.

Dimensions: L12 x W18 x H4 cm
