

Designer: INJIA ART

This tasteful tea set is made of high quality white porcelain from Jingdezhen, which makes it durable and heat resistant. The overall form of the teapot is inspired by the design elements of the begonia-shaped Chinese window found in the gardens of Jiangnan.

With an arched handle, the teapot takes on a modern structure, expressing a new wave of Chinese aesthetic that is flowing and sophisticated. Each set comes with 1 teapot and 4 teacups, allowing the user to enjoy the tea at home either quietly by oneself or with company.

Each tea set comes in a secured box that can be used for gifting occasions.
