

Designer: BEAMS COLLECTIVE

Lion's Mane is known to significantly boost the cognitive function of the brain. The active ingredients in the mushroom stimulate the growth and regeneration of neurons. The ingredients found in Lion's Mane also have several properties that act as a potent source of antioxidants which create a barrier to prevent oxidative stress and chronic inflammation in the body - now that's food for thought!

Each box contains 10 Nespresso-compatible 100% biodegradable coffee pods for a sharp memory and focus.

Dimensions: L19 x W8 x H3.5 cm

Primary Material: Food

Primary Color: Black

Customization: Packaging can be customized to include corporate branding. Please contact cs@vermillionlifestyle.com for more information.
