

**Designer: KANJIAN**

KANJIAN's Bone China Vase is one of the more pragmatic designs launched by its sub-brand KANJIAN LIFE in 2015. The vase is designed by well-known ink painting master, Bian Pianshan, aiming to demonstrate the concept of "created for people, by people". The design of the vase is inspired by the traditional shape of the 'double-sided lotus flower' which blooms in opposite directions.
