

**Designer: QIN**

Every Qin object is designed for use in the study while practicing calligraphy. The ink dish is typically used by the calligrapher to adjust the ink concentration of their brush.

The process of glass making is full of unknowns, especially when the glass is fired at high temperatures, so each piece of glass object produced is unique, resonating with the traditional scholarly pursuit of 'Man and Nature in one'.

Dimensions: L9 x W10.6 x H1.3 cm

Note: This is a collectible item and usually displayed in museums.

Primary Material: Glass

Primary Color: Black

Customization: This product is not customizable.
