

**Designer: TAI PING CARPETS**

Tai Ping's Transcendent collection, a collaboration with Jamy Yang, evokes science, art and physics with a nod to multi-dimensional worlds where forces transform, distort and fracture light or matter in dramatic patterns. All designs in this collection are expertly tufted by Tai Ping artisans.

Jamy Yang is a veteran of the industrial art scene in China. Having studied and worked in Germany in his youth, his distinctive style merges strict German precision with holistic Chinese inspirations. Working with renowned brands like Hermès, Boeing, Hennessy, Audi, Bosch, Pepsi, Issey Miyake and Tai Ping, Yang Studio's works range from objects like glasses and suitcases to consumer electronics, home products and even an airplane cabin.
