

Designer: DBA

Flaunting a retro-futuristic design, the Resonance Speaker is designed using the revolutionary Resonance Disc that delivers resonance waves and direct waves simultaneously to enhance an instrumental audio experience.

The speaker has an open sonic design and supports advanced wireless pairing. Each speaker is handcrafted and individually tuned.

Features:

- Patent-pending Metallic Resonant Disc
- 3" full-range 4 in conical sub-woofer
- Advanced wireless HD Aptx BT pairing
- Solid 45 watts RMS
- 3.5mm AUX input
- RCA sub-woofer out
- Mono or Stereo (Pair)
