

**Designer: THAMES & HUDSON**

Aldous Bertram has been captivated by chinoiserie all his life and even wrote his doctoral thesis at Cambridge University on Chinese pavilions in English gardens. He organizes *Dragons & Pagodas* by theme, including porcelain, color and pattern, flora, fauna, people, architecture, and tropical exoticism. Each chapter is bursting with images of everything from grand European summer palaces and whimsical pagoda follies to charming details of screens, porcelain figurines, and ornate plasterwork, from modern rooms swathed in floral wallpaper to paintings, tapestries, and palm-topped columns. Complete with Bertram's own chinoiserie-inspired watercolors and collages, *Dragons & Pagodas* is an irresistible confection and an example of chinoiserie in its own right.
