

**Designer: LET'S TALK GLASS**

This glass and coaster set is inspired by the pursuit for the moon, its shadow, and one's dreams. The glass is made of lead-free, high quality crystal glass with a frosted effect, resembling the shadows of the moon. The accompanying acrylic coaster represents the light and dark contrast between moonlight and the night sky, and when used together, produces a poetic visual aesthetic.

Available in 2 colors: Gray, Yellow

Dimensions:

Glass: L4.5 x W4.5 x H6 cm

Coaster: L10 x W10 x H0.2 cm
