

**Designer: LET'S TALK GLASS**

The shape of this teacup is formed naturally during the glass blowing process. The air bubbles are deliberately trapped in the glass to form a unique pattern on the transparent cup. Once tea is poured into the cup, the bubbles will appear as if in motion: gathering, dispersing or floating. Never able to be caught, the air bubbles represent the elusiveness of a dream.

Dimensions: L7 x W14 x H10 cm

Primary Material: Glass

Primary Color: Transparent

Customization: This product is not customizable.
