

**Designer: CAMEL**

The Splash 50 Sports Tritan Bottle is a flask made with tritan (including the mouthpiece and cup), a tough and resistant material. The bottle has a leakproof design and corrugated surface for easy grip. It is a 3-piece bottle to make cleaning easy and comes with removable straps. The highly reflective surface is achieved by the deposition of pure silver on the vacuum side of the glass inner. It will never touch the contents in a normal flask.

The 500ml highly durable bottle is dishwasher safe and BPA + BPS-free.

Dimensions: L7.5 x W7.5 x H20.6 cm

Primary Material: Plastic

Primary Color: Multicolor

Available Variants:

Customization: This product is not customizable.
