Nathan Road is an iconic Hong Kong urban scene inspired by the lit-up neon signs that used to populate this very busy area in Tsim Sha Tsui. This image is now famous the world over as the signs are slowly disappearing from Hong Kong streets.

The Nathan Road Double-Sided Cushion Cover pays homage to the iconic location in a special blue treatment signature print.

G.O.D.'s signature print cushions can be mixed and matched to add a bright centerpiece on a plain color sofa or bedspread.
