

**Designer: G.O.D.**

The objects that people use speak a lot about who they are. The objects featured in the HK Favourite Things Cushion Cover are by no means unique to Hong Kong nor did they necessarily originate from here. They are simply the most familiar motifs to Hong Kong people. Objects are chosen from a diverse range of product categories, consisting of different sizes and materials. Some are very modern whilst others have been in use for a very long time.

G.O.D.'s signature print cushions can be mixed and matched to add a bright centerpiece on a plain color sofa or bedspread.
