

**Designer: G.O.D.**

The letterbox is one of the most popular G.O.D. signature prints. It is inspired by the metal letterboxes that were scattered throughout hallways in older Hong Kong buildings in order to differentiate between one another, with each box painted and marked in distinctive colors to be easily identifiable.

The Letterbox Double-Sided Cushion Cover is inspired by this iconic motif.

G.O.D.'s signature print cushions can be mixed and matched to add a bright centerpiece on a plain color sofa or bedspread.
