

**Designer: LOUISE HILL DESIGN**

Each of Louise's 'Little Chinese Windows' depicts a curated vignette of objects arranged as a still life image with image details layered over the top.

Louise has taken a playful, child-like approach to photographing her collection of Chinese pin cushions with a shot taken from above to capture all of the fun patterns they create stacked one on top of the other. She has always loved the sweet little painted faces of the dolls all looking upwards as if they are playing on a merry-go-round, pigtailed swinging around in the wind! The curly blades of grass beneath them are dotted with flowers and butterflies whilst swallows dart around in the sky above on a sunny day!
